

Relax & enjoy

RV Short Stay Site

The Short Stay area is designed for a maximum of eight fully self-contained recreational vehicles (max length 12.5mtrs) with a maximum of two nights (48hrs).

- Open 7 days
- Free 48 hour parking for self contained recreational vehicles only.
- Designated parking areas.
- Boom gate access sunset to sunrise.

Access to the short stay area is off Farnsworth Avenue, Warragamba. Please see map highlighting the location and outlining the amenities.

Site Facilities

A free dump point is available near by and can be found by following the blue way finding signage. Bins are located adjacent to the short stay area with dedicated recycling and general waste. Warragamba shopping precinct is a short stroll or drive away.

Facilities that are available during daylight hours are:

- Toilets
- Free BBQ's
- Potable water

These will be locked at sun down each evening and reopened at 5:30am in the morning.

**RV SHORT
STAY SITE**

Boom Gate Operation

How to use the RV site:

- Access to the site via Farnsworth Avenue and approach the boom gate pin pad
- There are only 8 designated sites in the reserve. There is no booking system in place. It is a first in, first position basis
- You must dial the Well Done Group on (02) 8579 0315 to register your vehicle details and mobile phone number, this will be used as your 48 hour access number to the site
- Parking is in the designated bays as depicted on the attached map.

The boom gate will operate on a timer along with existing gates and toilet facilities that are currently closed by Council's security contractor.

The gate will move to the open position at 5:30am. Depending on the time of the year the gate will be moved into the closed position at the following times:

- Winter Months – 5:30pm
- Summer Months – 8:00pm

Those wishing to access the area after hours i.e. when the gate is down will need to use the intercom on the left hand side of the road by pressing the # (hash) button.

The intercom will call through to Well Done Group to check if there are parking spaces available.

If yes, they will take the caller's details, mobile phone number, registration and intended night's stay. The mobile phone number of the caller will be registered into the boom gate so that when the caller rings the "gate" it will open.

When the mobile number is registered, Well Done Group will send you a confirmation SMS. This will contain the phone number of the boom gate for you to call.

When the gate is closed vehicles that are on the inside of the RV site will be able to approach the gate to leave as it is on a magnetic sensor.

Further Information

For all enquires about the RV site please contact Tourism on 02 4677 8313 or Facilities and Recreation 02 4677 1100.
